Outside groove

Inside knob

2,500/=

The image displays two views of a brass-colored keyless bathroom lock. The left view, labeled 'Outside groove', shows the lock's profile with a recessed handle and a small circular groove on the faceplate. The right view, labeled 'Inside knob', shows the lock from the interior, featuring a curved handle and a circular knob on the faceplate. The lock mechanism is visible in both views. The entire presentation is framed by a wood-grain border with a scalloped edge and a film-strip-like perforation pattern.
